“Each member contributes 10%, and together the pool generates a total of 3,628% earnings from each Global Auto Pool package.”

UPGRADE INCOME

- Upgrade income is the commission you earn when your directly referred member upgrades to a higher package or level in the network marketing plan.
- When someone in your team (usually your direct referral) buys a higher package to unlock more benefits, the company pays you a bonus for that upgrade.
- This bonus is called upgrade income.

UPGRADE MECHANISM

- **35%** of earnings are auto-upgraded to the next package in a one-time upgrade, propelling your growth.
- Upgrade deductions apply only to the Matrix Income and only up to two levels. Once the board is completed with 20 members, the member qualifies for upgrade income.
- In cases where a downline member completes the board prior to the upline, upgrade income shall remain on hold. Upon completion of your matrix board, all held upgrade income will be automatically credited.
- If the upgrade wallet balance exceeds \$10,230, whether through auto or manual upgrades, the excess amount can be withdrawn after upgrading to the Diamond Package.

RECYCLE INCOME

Recycle income refers to the earnings you receive repeatedly when your team members or downline re-enter a cycle, package, or matrix after completing the previous one.

Many matrix-based systems require users to “recycle” or “reinvest” after finishing a level. Each time this happens, the system pays commissions again — this repeating commission is called recycle income.

NOTE: The initial joining point will be recognized as the first cycle in the counting process

REBUY MECHANISM

1. **18%** of **earnings** are **auto-reinvested** in the same matrix package, ensuring unlimited cycles and sustained growth.
2. Recycle deductions apply only to the **Matrix Income** and only up to **two levels**. Once the board is completed with **20 members**, the member qualifies for recycle income.
3. In cases where a downline member completes the board prior to the upline, recycle income shall remain on **hold**. Upon completion of your matrix board, all **held recycle income** will be **automatically credited**.

DEDUCTIONS MECHANISM

Upgrade Mechanism deductions as one time measure

Note: A 10% deduction from the net pay will be applied as developer charges.
